Cleburne State Park mountain bike trails offer 5.5 miles of

beautiful scenery with a variety of challenges for all experience levels. The terrain on the trail is as diverse as the hills. You will experience treacherous down hills, fast smooth flats, and everything in between. The technical and wooded trails form an entire loop that has made this trail one of the favorites for mountain bikers in training or those who enjoy a challenging ride. The trail will test your skills and endurance and is well worth your time! Camp sites facing the lake are available as well. 817-645-4215

## Hamm Creek County Park

This beautiful county park is located on the Brazos River with beautiful limestone bluffs on one side and sandy shores on the other. The recently completed park has a new two lane boat ramp with parking to

accommodate about 50 boat trailers. There are 30 new picnic shelters at the park, five family sites, two large pavilions that will accommodate large groups

of 200 each, 30 pull through camp sites, all with 50 amp electrical and water and 30 primitive camping sites. Several restrooms with showers are available throughout the park. The park also includes a dump station. Pens and equestrian trails are being planned in a future expansion of the park. This beautiful park is one of the best kept secrets in Texas so be

## Buffalo Creek

Meandering through downtown Cleburne and into Hulen Park, Buffalo Creek was once used as a watering stop by

conquistadors, Indians and cowboys, being on the northern path of the great cattle drives of the Chisholm Trail. Considered at one time sacred by the Indians, you can now stroll along its banks on tree lined

paths, relaxing on benches and taking in the quiet serenity provided by the flowing waters of the creek. Take a step back in time while enjoying the many shops and eateries of downtown Cleburne. 817-645-2455

## Cleburne Youth Sports Complex

Cleburne's Youth Sports Complex is known for its combination of a classic look with modern features. The 90 acre site, located in Southeast Cleburne, is the largest single park and recreation project ever undertaken by the City of Cleburne. With seven baseball/softball fields, 20 soccer fields, and two football fields, there is more than enough space for up and coming athletes to play and compete. Added attractions include two playgrounds, batting cages, four pavilions, scoreboards, as well as lights on several fields. Since opening in September of 2005, the complex is being recognized as one of the leading youth sports venues in the metroplex. Several regional and pre-state tournaments have been hosted at the complex and more are in the planning. 817-645-0949, [www.cleburne.net](http://www.cleburne.net)

## "The Spirit of Cleburne"

Cleburne was an important part of the Santa Fe Railroad for more than a century. See a piece of that historic past by visiting Steam Engine 3417, "The Spirit of Cleburne", located in Hulen Park. The engine, now on permanent display at the park, went on the line in 1919 and was retired

in 1954. Plans for a railroad museum next to the Cleburne intermodal station are in the works. 901 Hillsboro Street.

## Chisholm Trail Outdoor Museum

When entering Cleburne from the west on State Highway 67 you witness the past brought back to life. The Chisholm Trail Outdoor Museum is on the northwest bank of Lake Pat Cleburne and is fast becoming the premier tourist attraction in this area. The museum actually sits where the famous

Chisholm Trail went through this area taking millions of cattle to the cattle shipping terminals to the north.

As you enter the outdoor museum you are greeted by Indian tepees and the largest life size silhouette cattle drive in the world. Also on the grounds is the oldest log Courthouse in Texas.

This historic old building, built in 1854, has been restored and is back in the place of its origin at Wardville, the first county seat of Johnson County. It is flanked by an old windmill to the south, a newly completed replica of a circa 1870's jail and a restored stagecoach under the portico of the new stagecoach welcome center to the north. (Stage used in several John Wayne movies) The Robinson and Roe stone pavilion is available for family or corporate outings. Also on the museum grounds is the restored old Wardville Cemetery where William and Permilla O'Neal were buried in the mid 1800's, a restored mule barn used to house mules for use by the Johnson Stage Lines that ran from Cleburne to Fort Worth in the mid 1800's and a replica of a blacksmith shop of that era, a replica of the original school house in Wardville and a soon to open Indian museum featuring over 2,000 Indian artifacts from several Indian nations. The most visible attraction from the highway is the 80 foot stone wall with the words **WELCOME TO CLEBURNE \* ON THE CHISHOLM TRAIL**. It features nine life size silhouettes of Chisholm Trail riders and Longhorn steers. Future attractions at the site will include a Trading Post, and Church. This is a project of Johnson County Heritage Foundation. Call 817-648-1486 for more information. [www.jchfi.org](http://www.jchfi.org)

## *Cleburne's Historic Outdoor Mural*

Located between Caddo Street and Main Street one block south of the Johnson County Court House, this 216 ft. long mural was designed and hand painted over a three year period by well known local artist Styllie Reed. The mural depicts the history of Cleburne and the Cross Timbers region of Texas from when the Spanish explorer Luis De Moscoso first scouted this area in 1542 through the fledgling beginnings of Johnson County in 1854, to the exciting and adventurous days of the Chisholm Trail, the expansion of the Santa Fe Railroad into Cleburne and its influence on the city, right into the 20th century when the Cleburne Motor Company produced the Chaparral, one of the first automobiles manufactured in Texas and "Slats" Rogers built the first airplane in Texas here in Cleburne. A brochure is available at the chamber giving information on the different scenes shown throughout the mural.
